1. Big ideas (read with a grown-up)

- Many companies make AI**, not just one. It's like a street full of ice cream shops.
- Every AI app comes from a company.** Siri comes from Apple.
- Chip makers** build the special computer chips that power AI.
- Every company says its AI is the best.** That's what ads do! With a grown-up, try a few and decide.

2. App Match! Draw a line from each app to the company that makes it.

Siri ○

Gemini ○

Copilot ○

Alexa ○

ChatGPT ○

○ Google

○ Amazon

○ Apple

○ OpenAI

○ Microsoft

3. Ice Cream Street Every sign says "BEST!" How should you pick?

- ☐ Pick the shop with the biggest sign ☐ Taste a few and decide for yourself ☐ Pick the first shop you see

4. App maker or chip maker? Circle the right word.

Company	What it does in the video	Circle one
Apple	makes Siri	APP maker / CHIP maker
NVIDIA	designs special computer chips	APP maker / CHIP maker
Google	makes Gemini	APP maker / CHIP maker
TSMC	builds chips in giant factories	APP maker / CHIP maker

Safety rule: always ask a grown-up before you use any AI app. · Companies are listed in ABC order. No company is "the best." · Goes with the video "Who Makes AI?" · Powered by Elite Scholars Academy · SAMPLE ONLY
